Celebrating our 16th year, PAINWeek remains the largest US pain conference and the favorite destination for frontline practitioners to enhance their competence in pain management. Clinicians can immerse themselves in continuing medical education across multiple therapeutic areas, taught by over 50 pain management thought leaders. Join us for a multidisciplinary agenda, inclusive of satellite events, exhibits, and more! Additional credit hours will be available via PAINWeek Digital All Access, beginning November 2022.

Please visit www.painweek.org to learn more and to register for the 2022 conference.
